**BROMBERG & SUNSTEIN PARTNER JULIA HUSTON
NAMED AS CHAIR OF THE EQUAL JUSTICE COALITION**

(Boston) March 20, 2008 - Julia Huston, a partner at Bromberg & Sunstein LLP, was named as Chair of the Equal Justice Coalition today. She succeeds WilmerHale partner Stephen H. Olesky, who ended his 10-year term this month. On February 28, the Equal Justice Coalition sponsored the 9th annual Walk to the Hill, where nearly 600 attorneys lobbied their elected representatives to increase funding for civil legal aid to low-income people.

The Equal Justice Coalition (EJC) is a diverse group of more than 180 organizations and individuals committed to ensuring that low-income families and individuals throughout Massachusetts have access to the courts when they have a civil (non-criminal) legal problem.

The Coalition includes representatives from the private bar, legal services programs, community organizations, business, health care, labor, government, religion, law and many other fields. EJC members are united in the belief that adequate funding for civil legal aid is needed to make the constitutional imperative of "justice for all" a reality.

EJC volunteers and staff work to educate the public, lawmakers, and the news media about the breadth and depth of support for civil legal aid.
